What We Do

At ICS, **we offer** the following services in our premises at Paragon Medical, together with our healthcare partners:

- **Medical Oncology: Consultations & Treatment**
- **Haematology: Consultations & Treatment**
- **Cancer-Focused Health Screenings**
- **Dietary & Nutrition Services**

Since 2008, we have served thousands of patients from Singapore and across the globe from **over 40 different countries**.

Having seen and experienced the emotional, physical, and mental roller-coaster that cancer can often take patients and their loved ones on, **we are committed** to **journey with you**, every step of the way.

What We Offer

Convenience

Located right in the heart of Orchard Road and away from traditional hospital settings, our patients and their loved ones enjoy a safe, comfortable and easy-to-access treatment environment.

Feel at Home

Let us handle your administration: insurance claims, financial counselling, coordinating your appointments, chemotherapy and more.

Under One Roof

Together with our healthcare partners, we are able to offer oncology treatment, cancer-focused health screenings, imaging, and laboratory services without you stepping out of the building.

More than a clinic

We remember every patient is a person first and foremost. This is why we celebrate your birthdays, remember your favourite meals and drinks whenever requested, and offer fast and free Wi-Fi to you and your loved ones.

Safety In Comfort:

We take the health and safety of our patients as our Number 1 Priority. This is why we have implemented measures that go beyond recommendations, in order to ensure that we do not put the lives of our patients at any preventable risk.
